COMMERCIAL INTELLIGENCE

SATURDAY EVENING, 12TH JAN. 1878.

ALTHOUGH the uncertainty existing respecting politics in Europe still exercises a restrictive influence on business, there has been a marked increase in activity here since the termination of the New Year holidays. Cotton is now beginning to come in on a comparatively liberal scale, and the effect is felt in numerous other branches of trade. Money is brought into more request. Sterling Exchange is livelier, and Freights have improved to a material extent, the rate by steamer to Liverpool being now £1-15 as against £1-7-6 per ton a fortnight ago. Seeds and Wheat are not brisk, nor are they likely to be so until the Turkish question has been settled one way or other; and Imports of all kinds hang fire in a very marked way, but notwithstanding this business, as we have already remarked, is better than it has been for months past, and the outlook for the future has a much more cheerful aspect.

While the external trade of the port, however, is thus promising better things, our chief local industry, Cotton Spinning and Weaving, has again become depressed. In September and October last we frequently drew attention to the unfavourable combination of circumstances which the mills had to contend with. The famine, not only in Bombay and Madras but in China also, had caused almost an entire suspension of the demand for Goods and Yarns, while the available stock of Cotton was so limited, that prices were supported at a level which left no margin for profit on the manufacture. Short time began to be freely talked of, and in one or two mills was partially adopted for a while, but towards the end of November a change for the better set in. With the termination of the famine the dealers again came into the market as buyers of Cloth and Yarn, and for some weeks a large business was done, materially reducing the enormous stocks which had accumulated in the hands of the various mills. The consumption, however, did not improve so rapidly as was expected; dealers found great difficulty in disposing of their previous purchasers, and since the middle of December stocks have again begun to accumulate. This state of affairs has revived the question of short time, and the Bombay Mill Owners Association has called a meeting for the 16th instant to consider it. The step would undoubtedly be a prudent move at the moment, as it is very evident that it will require at least another good season, both here and in China, before the consumption can be expected to keep pace with production, and unless restrictive measures are adopted stocks may increase to an extent sufficient to cause serious embarrassment. Meanwhile supplies of Cotton are augmenting, and in another three months, should the mills then see their way to resuming full time, they will be in a better position to obtain the raw material of a quality, and at a price which will afford a basis for profitable working.

The weekly biddings for Council Drafts on India took place in London on the 9th instant. The amount of £375,000 was offered, being the usual £265,000 and £110,000 unsolotted last week. The whole amount was again in Bills and the result was that £257 000 were drawn on Calcutta, £5,000 on Madras, and £110,000 on Bombay, all at an average of 1s. 8·62d., tenders at 1s. 8¾d. receiving 74 per cent. of the amounts applied for. The rate was slightly higher than was generally anticipated here, 1s. 8 9-16d. having been mostly counted upon as an average, and that it was also better than had been anticipated in London may be gathered from the fact that Bar Silver, which has remained at 53¾d. for some time past, has now advanced to 53¾d. per oz., equivalent to a fraction over 1s. 9d. per rupee. The demand thus shown for remittance to this side is certainly greater than was expected, and it may be that the turn in Exchange has now set in, but looking to the plentiful supply of Money here, and the comparatively limited export business, it is full early yet, we think, to anticipate any material advance in the value of the rupee. If the supply of Silver showed any signs of exhaustion the position would be different, but any slight increase in the demand for remittance is at once met by purchases of the metal. Last week's P. and O. steamer from Southampton brings further shipments to the extent of £100,000, while the Mint here has a balance of 2½ millions unsoiled, although for some time past it has been turning out rupees at the rate of about 40 lacks a week.

MONEY.—The last return of the Bank of Bombay for the week ending on the 5th instant showed an increase in the Government Account of upwards of 20 lacs, but owing to an addition to the amount out in Loans and Discounts the Cash Balance was only increased by 4½ lacs. This shows that the trade demand has at last begun to increase, and as it must now go on doing so for the next three months, it is unlikely that any reduction will now be made in the Bank's rates of interest and discount. It will be some time yet, however, before the outside market comes up to the level of the Bank and yet longer before we need apprehend a rise on the part of the latter, as irrespective of the strong position which it already occupies, the Government Revenue collections will be flowing into the treasuries until March. Taken altogether, in fact, the position presents every probability of fairly easy Money throughout the season.

EXCHANGE.—A somewhat larger business has been done in Sterling this week, although still moderate for the time of year, and the fluctuations in rates have been very slight. Business opened on Tuesday morning on the basis of 1s. 8 11-16d. to ¾d. for demand Bank and 1s. 9 1 16d. for 3 months' sight Credits, and at first a very firm appearance was manifested, On Wednesday, however, considerable weakness was apparent and a decline of fully 1-16d. was established, which would have probably been followed by a still heavier fall had Council Drafts gone as was expected at 1s. 8 9 16d. or under. The rates obtained, however, caused a sharp reaction on Thursday, and a rise of ¼d. took place all round. On Friday the turn became rather more willing buyers at a partial reduction of 1-16d. in Private Paper, especially in long dated Bills, owing to the reduction in the Bank of England rate of discount, but this is the only movement which has taken place since, and we now quote for ready Bills on London:—Bank on demand 1s. 8¾d.; 6 months' sight 1s. 9¼ Credits 1s. 9 1-16d. to 9 2-16d.; 6 months' 1s. 9¼d. to 5-16d.; Documents, 3 months' sight 1s. 9¼d. to 3-16d.; 6 months' 1s. 9 5-16d. to ¾d. per rupee.

For future delivery the Banks are both willing to buy and sell at an advance of 1-16d. per month on these quotations, but sellers of Private Bills show no disposition to do more than cover their actual requirements, and future transactions have not been large. The demand for Bank Bills is even more limited, and this serves in some measure to support the market, otherwise the tendency at the moment would probably be weaker than it is, and even now it is certainly not strong. We have no course in connection with export trade to face from this time forward, but we start the season with the Banks all well in funds, ample supplies of Silver are available, and in April there are the increased Council Drawings to look forward to. Looking to these features the general opinion at the moment seems more in favour of lower than higher exchange, and merchants at the moment seem more inclined to cover the contracts they have open than to enter into fresh sales.

OPIUM.—In Calcutta there has been very little business done this week, and rates have remained unaltered throughout, viz ½ to 3/16 per cent. premium for demand and ¾ per cent. discount for 60 days' sight.

OPIUM.—In China the quotation for 60 days' sight Mercantile Bills is Rs. 219 per 100 dollars, but only nominal at that.

GOVERNMENT SECURITIES.—The more peaceful aspect of politics at Home, and a growing conviction that England will not be involved in war, has induced a much better feeling of late, and a considerable amount of Paper has been disposed of this week both by Bankers and investors at steadily advancing prices. We now quote:—Fours, Rs. 94¾ to ¾; Fours-and-a-half, Rs. 94½; Fives-and-a-half, Rs. 102¾.

SHARES.—With the exception of Spinning and Weaving Companies, which are out of favour at the moment owing to the limited demand for Goods and Yarns, the market has been fairly steady though not active. In *Banks* the only movement is in Bank of Bombay's which have advanced 1¾ per cent., and now stand at 402 per cent premium. *Land Companies* have undergone considerable fluctuation, Mazagons on the week have advanced Rs. 55, while Colabas have declined Rs. 20 and Port Cannings Rs. 24. *Press* shares, as a rule, have been somewhat steadier, Bori India Press have risen Rs. 40, Bora and Scinde Rs. 15 respectively, and Mofussils Rs. 10. Volkarts United are Rs. 10 lower. In *Spinning* and *Weaving* shares, with few exceptions, material decline has taken place. Flemings are quoted Rs. 90, Madras United Rs. 15, Bombay Hemp Company Rs. 5, Bombay Spinning and Weaving Company, but there is a decline of Rs. 50 in Bhownugger Mills and Rs. 100 in Colabs, Rs. 15 in Hindus. Rs. 10 in Great Eastern, National, Shetao Muccunjee, Manockjee Nowrojee and Company, Limited; G. I. P. Railway Ordinary Stock, Rs. 20 higher.

PIECE GOODS.—The Market has shown a somewhat better feeling this week, rather more business has been done, and in some few descriptions such as the wider makes of Grey Shirtings an advance of As. 1 to As. 2 per piece has been realized by sellers. The transactions generally are not at about 1,000 packages from first hands and 2,000 packages from the Bazaar, a decided improvement on what we have been accustomed to for some months past, but there is still room for a large increase in the demand to bring business up to the mark generally expected at this period of the season. The consumption, however, is too limited and supplies in proportion too large, to render any material further improvement, more than a possibility; in fact, well-informed people seem generally of opinion that we cannot look for any such movement until we have the basis of better times in another favourable season.

In Grey Shirting, the demand for 40 inch Goods has been comparatively poor, and with large available supplies prices have not improved, but for 45, 50, 54 and 60 inch Cloths there has been a better enquiry, and sellers are now asking an advance of As. 1 to As. 2 per piece. Madapollams are in fair request at quite previous rates, and the same may be said of Printers and T. Cloths. Dhoties are steady but not active, while Longcloths, Domestics, and Drills are quite out of request. In Bleached Goods a moderate business has been done, mostly in Jaconets, Mulls, and Shirtings, and in the Bazaar the demand for these makes is improving, but stocks are still excessive. Dyed and Printed Cloths remain dull and difficult of sale even at easier prices. Turkey Reds are still depressed by excess of stock, and sales are only practicable at a considerable reduction in prices. Local Goods are very dull, and we have not heard of any sales of importance.

TWIST.—Transactions in Yarns this week have been most limited, and although, unlike Goods, supplies are by no means excessive, the demand is so small that prices, if anything, are in favour of buyers. In 30s. Mule and 20s. Water we reduce our quotations 4 annas per lb., but in some of the higher counts, such as 50s. Mule and 40s. Water small sales have been made at a rish of like extent, Local Yarns continue quiet, and rates tend downwards.

METALS.—*Copper*.—The Market continues very firm owing to moderate stocks, but clearances are small and prices unchanged. *Yellow Metal* is not active, but sellers on the strength of small stocks have been able to establish an advance of As. 4 to As. 8 per cwt. *Iron* maintains a steadier feeling, and in British Bar a further improvement of As. 8 per candy has taken place, but other kinds are unchanged.

COALS.—As regard arrivals there is no alteration of any kind to report. There are few sellers at any price, and none at what buyers would pay at present, so no business has taken place. On the spot, there is perhaps a rather steadier feeling apparent, the stock on the Bunder having been materially reduced, but it will take sometime yet to bring them within an average compass. Davison's West Hartley is selling alongside ship now in harbour at Rs. 18 1/2 and Welsh Hartley at Rs. 16 per ton.

COTTON.—The advices from Liverpool by wire this week, although not specially active, have been undoubtedly steady, and Surats, to arrive, are in some cases quoted 1-16d per lb. higher. This, combined with more confidence in the aspect of political affairs in Europe, has rendered buyers here rather fewer operators, and although prices were already above Liverpool to begin with, a rise of Re. 1 to Re 2 per candy has been established in Ginned Broach and Hingunghaut. Omra's are unaltered, but as they already stand at from ¼d. to 5/16d. per lb. over Liverpool arrival quotations, they must cheapen here ere long, unless prices on the other side come up to the same level. For New Dholleras no quotations can yet be given. Transactions have nominally taken place between Natives at from Rs. 195 to 198, but no Cotton is meant to change hands under these contracts.

The business since last Mail left is estimated at about 12,000 bales in all, made up of 3,000 bales Old Cotton, chiefly for local consumption, 4,000 bales New Broach, Oomra and Hingunghaut for ready delivery, and 5,000 bales for February and March delivery.

The *Receipts* have shown a further slight increase, the figures for the week ending on Saturday being 20,270 bales against 19,902 last week, and 19 254 bales for the corresponding week last year. The total since 1st September last, however, is only 138 000 against 165,000 for the corresponding period last year. So far the arrivals are still entirely made up of Hingunghaut, Omrawuttee and Broach, and the quality of these respective descriptions has not undergone materialchange. Every day makes it more and more evident that the bulk of Omrawuttee will run below F. G. F., and Broach still shows so much stain that it is evident that F. G. F. and G. F. will be the leading grade throughout the season. As regards quantity, Omra promises well, and will undoubtedly be in excess of last season, but Broach is not a large yield, and with Dhollera little more than a half crop, even allowing for a good outturn from Compta and Dharwar, there is no reason to alter our former estimates, certainly not to increase them.

The *Clearances* for Sea since 1st instant have been 6,143 bales against 21,582 bales for the corresponding period last year.

The following are to-day's quotations for Cotton with equivalents in Sterling Cost and Freight to Liverpool, via Canal, with commission :—

Old, Full-pressed—			₹ Candy	₹ lb.
Dhollera Fully Good	Fair	Ready	....Rs. 204 =	5½d.
Do.	Good Fair	do.	.... „ 196 =	5¼d.
Do.	Fully Fair	do.	.... „ 193 =	5¼d.
Do.	Fair	do.	.... „ 191 =	5 3/16d.
New, Full-pressed—			₹ Candy	₹ lb.
Broach Ginned	Good	Ready	....Rs. 214 =	5 13/16d.

Do.	F. F.	do.	„ 188 =	5¼d.
Do.	F.	do.	„ 183 =	5d.

The visible supply of Cotton for all Europe on the 11th instant compares with the two previous two years as follows :—

	1878.	1877.	1876.
Total supply of all kinds.	2,280,000	2,606,010	2,735,100
„ Surats...	116,000	267,060	477,270

For the U. K. only the figures are :—

Stock in Liverpool.....	385,000	607,650	635,740
Do. London.....	16,000	47,170	62,760
American Afloat.....	330,000	308,000	361,000
E. Indian „	25,000	57,000	83,000
	756,000	1,019,820	1,142,500
Price of Mid. Orleans ...	6 9-16d.	7¼d.	7 1-16d.
„ Fair Dhollera ...	5 5-16d.	5¾d.	4 11-16d.
Difference.....	1¼.	1¼.	2⅜.

The American crop figures to date give the following comparisons :—

	1878.	1877.	1876.
Week's Receipts.....	137,000	105,000	160 000
„ Exports to U. K....	90,000	80,000	76,000
„ „ to Continent.....	41,000	40,000	27,000
Total Receipts since 1st Sept.	2,643,000	2,777 000	2,642 000
„ Exports to U. K. „	811,000	1,013,000	912 300
„ „ to Continent „	473,000	498,000	549,900
„ Stock at the Ports.....	890,000	924,000	833,000

SEEDS.—*Linseed* continues to accumulate in supply, and although there has been rather more demand, prices have receded to Rs. 6-4 to Rs. 6 5 per cwt. for ready For April delivery purchases have been made at Rs. 6 per cwt. which is still the nominal quotation. *Rapeseed* is in small request and quite nominal at Rs. 7-9 to Rs. 7-10 per cwt. ready. The crop is expected to be small, and for future delivery there are few sellers even at the comparatively high rate of Rs. 7-4 per cwt. For *Gingelly Seed* the enquiry is very active, and supplies being small, both present and respective, prices have advanced As. 8 per candy. We now quote Mixed Rs. 43½ to Rs. 44, White Rs. 44½ to Rs. 45 per candy.

WHEAT.—The advance in Freights, combined with less favourable advices from Home, has tended to restrict the demand of late, but supplies are too light to admit of any important fall in prices. We still quote Best Soft White Rs. 41 to Rs. 42, Mixed Rs. 35 to Rs. 38, and Red Rs. 32 to Rs. 34 per candy.

POSTAL NOTICES.

CHINA MAILS.

China Mail Steamers will leave Bombay as follows :—

Tuesday ..... Jan. 22

MAURITIUS AND REUNION.

Monday ..... Jan. 14

The dates of departure from Bombay of the Supplemental Mail for Mauritius and Reunion are in consonance with the Time Table of the Messageries Maritime Company; but as the French Mail Steamers occasionally leave Aden for the Mauritius before the arrival of the Bombay Overland Mail Steamers, the Indian Postal Department will not be responsible for any delay which the correspondence forwarded by that opportunity may sustain at Aden.

MADAME CARLOTTA TASCA

THERE will be a MEETING of those interested in the formation of a Colaba Company, on MONDAY evening, the 14th instant, at 5 p.m., at the Head Quarter Office, No. 7, Apollo Street.

By Order,

T. DUNNE, Lieut. and Adjutant, B. V. R.

Bombay, January 11, 1878.

The Bombay Gazette

MONDAY, JANUARY 14, 1878.

A FEW months ago, when unreflecting admirers of Turkish prowess were prophesying the speedy downfall of the military power of Russia, we ventured to insist on the significance of the proofs even then afforded of Russian capacity to turn disasters to the best account by using the experience thus painfully acquired to prepare the way for victory. Subsequent events have fully justified this anticipation, and all students of the art of war must have recently been struck with the remarkable advance Russia seems to have made in the ability to concentrate for offensive war the strength of an Empire whose vast extent used to be a source of weakness. When the present war began, there were not wanting many profound critics who recalled Moltke's saying that the exertions of two campaigns only enabled Dieb

SPECIAL TELEGRAMS FOR THE BOMBAY GAZETTE.

(FROM OUR OWN CORRESPONDENTS.)

POSTAL ARRANGEMENTS BETWEEN BOMBAY AND KURRACHEE.

KURRACHEE, JAN. 12.

A general public meeting has been held in the Chamber of Commerce Hall here, condemning the Government of Bombay's proposal to discontinue postal land communication between Kurrachee and Bombay. A Committee was appointed to prepare a memorial to Government on the subject.

ALLAHABAD, JAN. 12.

Mr. Carnegy, Political Officer, Naga Hills, has been severely wounded accidentally by a sentry at Mozema. He is progressing favourably. Mr. Williamson has left for Mozema to take charge of Mr Carnegy's political duties.

[REUTER'S TELEGRAMS.]

(By Red Sea Cable.)

THE ARMISTICE NEGOTIATIONS.

LONDON, JAN. 12.

The Grand Duke Nicholas has replied to the Turkish Commander-in-Chief that negotiations for an armistice must be with him (the Grand Duke) and that a direct armistice is impossible without the basis of peace being agreed to.

CAPITULATION OF NISCH.

The fortress of Nisch, which had been besieged by a picked corps of 12,000 Russians with a powerful siege train in addition to a Servian force, capitulated yesterday after several days continuous fighting. The Servian troops now occupy the fortress.

SURRENDER OF ANTIVARI.

The stronghold of Antivari, in the defence of which a Turkish ironclad squadron has been employed, has made an unconditional surrender to the Montenegrin force under the command of Prince Nicholas of Montenegro.

ADVANCE OF THE RUSSIANS INTO ROUMELIA.

Latest advices concerning the movements of the Russians in Roumelia state that they have arrived before Yeni Sagra and Tatar Bazardchik.

ADRIANOPLE THREATENED.

Anticipating the speedy arrival of the Russians before Adrianople the civilian population has evacuated the city.

CHANGE IN THE TURKISH MINISTRY.

The Turkish Ministry has resigned and a new Ministry has been formed of which the undermentioned are the principal members :—

Hamdi Pasha.....Grand Vizier and President of the Council of Ministers.
Server Pasha.....Minister for Foreign Affairs.
Safvet Pasha .....Minister of Justice.
Said Effendi .....Minister of the Interior.
Sadyk Pasha .....Minister of Customs.
Kiani Pasha .....Minister of Finance.

MOVE OF RUSSIAN HEAD QUARTERS.

The Head Quarters of the Russian Army in Bulgaria have been transferred to Lovatz.

CONTINUATION OF HOSTILITIES

LONDON, JAN. 12.

The Porte has asked Russia to state the basis of conditions upon which she would be willing to conclude peace but as yet has received no answer. Meanwhile hostilities continue.

THE ARMISTICE NEGOTIATIONS.

LONDON, JAN. 13.

The Porte is still without any information respecting an armistice.

THE MEDITERRANEAN SQUADRON.

The whole of the British Mediterranean squadron has been ordered to rendezvous in the Levant.

THE FEELING IN CONSTANTINOPLE.

The Mahomedan population of Constantinople is much irritated at England's policy.

STEAMER MOVEMENTS.

LIVERPOOL, JAN 12.

The Hall Line Steamer Branksome Hall arrived here to-day from Bombay and Kurrachee.

LIVERPOOL WEEKLY COTTON REPORT.

„ Notes in Circulation	£100,300,000

Arrivals—Airey.
Departures—Ayrshire and Stanclife.

STEAMER REPORTS.

GALLE, JAN. 12, .30 A.M.

Steamer Khedive, from Aden, arrived.

As a symptom of the feeling at home in the present crisis of European affairs, we may mention that on Saturday Consols fell ⅛ in London.

Colonel Burne, Private Secretary to H. E. the Viceroy, goes home by to-day's mail on urgent private affairs. Mr. Stuart Bayley will probably carry on the duties till Colonel Colley returns from leave. Colonel Burne does not return to India. His substantive appointment which he will now resume is that of Political Secretary at the India Office; and for the last two years he has been only officiating Private Secretary to Lord Lytton. He has fulfilled the delicate duties of Private Secretary with singular tact and amiability.

The Bengal Government estimates the stocks of rice in and around Calcutta for the first week in January at 19,28,045 maunds of which 8½ lakhs are available for export.

Veterinary Surgeon F. G. Shaw is likely to succeed to the appointment of Inspecting Surgeon of the Veterinary establishment in the Madras Presidency.

Lieutenant Colonel W. Tweedie, First Assistant Resident, Hydrabad, has been offered the post of Resident at Mandalay, in succession to Colonel Duncan, who retires.

The new Ameer of Kashgar is said to have neither sent, nor announced his intention of sending, an Envoy to India to report his succession to the throne, as custom and courtesy demand.

The High Court of Calcutta has confirmed the sentence of five years' rigorous imprisonment passed by the Judge of Tippera on Matharanath Gupta, the Munsif of Tippera, for an unnatural offence.

General Bentinck, whose death was announced by last mail, was a nephew of Lord William Bentinck, a former Governor of Madras, and Governor General of India, and was heir presumptive to his cousin, the aged millionnaire and bachelor the Duke of Portland. He has left several sons.

Throughout the Madras Presidency Famine allowance has been reduced to the lower rate of one rupee per mensem from January 1st 1878. The net decrease last week in numbers on relief works was 32,916, and in those on gratuitous relief was 34,141. Destructive floods are again reported from Ramnad.

The Administration Report on the Hill Tracts, Northern Arakan, for the year 1876-77, records a "noteworthy" fact, which, it is remarked, augurs well for the prosperity of the hills, viz., that two gentlemen in March last were induced to apply, the one for 10,000 and the other for 200 acres of waste land for tobacco, tea, vanilla, and other cultivation.

Mr. Whitley Stokes' elaborate Master and Servants Bill is shelved, nor will it see the light again probably until transformed beyond recognition, if at all. No measure has been more sharply criticised than this, and it is just as well that it has been allowed to "slide." It may have been a Servants' Bill but it was certainly not a Master *and* Servants Bill.

Captain Biddulph must have had a very rough time of it on his way to Gilgit; so unusually severe has been the weather in Kashmir, and he is probably still only on the way. The last accounts from him were dated Astor, and took a month to reach Lahore. Then his chief supplies were on this side of the Bursil Pass, and unlikely, it was thought, to reach him till the spring.

The India Office despatch, dealing with Lord Lytton's proposals for a separate frontier administration, is now, we understand, before the Governor-General's Council. The *Pioneer* says it is now certain that no new system of frontier government will be initiated until the commencement of the next financial year, whilst its postponement for a much longer period is quite among the possibilities.

The death-returns for November show 1,651 more deaths in South Arcot than in the preceding month. Nearly sixty-three thousand deaths have taken place in five districts alone. The birth-rate in these districts show a decrease of 5,933. The *Madras Times* questions, if the direct death results of the Famine in Madras Presidency—leaving out of consideration Mysore—will be less than one million and a half.

The *Statesman* understands that at a special meeting, held on Wednesday last, the Directors of the Bank of Bengal, after placing Rs. 1,00,980 to Reserve Fund, which is thereby raised to twenty lakhs; allowing Rs. 83,377 for depreciation in the banks investments in Government securities; and carrying forward Rs. 23,395-13 to the profit and loss account for the next half-year—declared a dividend at the rate of eight per cent. per annum. This is certainly most satisfactory.

Talk of press amenities after this. The *Indian Railway Service Gazette* devotes a leading article to the abuse of the editor of the *Madras Athenæum* who is viciously libelled half a-dozen times over. The following is the conclusion of the article :—"We know we have written strongly, and we have done so to give Mr. Trant an opportunity of taking us into Court if he *dare*. We expect he will lash himself into a furious rage and waste a lot of valuable time over us; but we can assure him that we consider him a very wretched specimen of humanity."

A contemporary states that the Government of India has sanctioned the grant to each of the official members of the Text-Book Committee, which assembled at Simla some time ago, of a deputation allowance of Rs. 10 per diem, for the period they had to serve on the said committee, and a travelling allowance to and from the hills, at the rate of three annas a mile by rail, and eight annas a mile by road. The members who are entitled to this allowance appear to be Colonel Macdonald, Director of Public Instruction, Madras; Mr. Oxenham, of the Deccan College; Mr. Griffith, of the Benares College; Mr. Tawney, of the Presidency College, Calcutta; Dr. Leitner, of the Lahore College; and Rao Saheb Narrain Bhari Dandikar, of Berar.

In a bitter little article against the present management of Indian State Railways the *Statesman* quotes our story of the extraordinary way in which the contractor for the Ahmedabad railway was let without proper advertisement, and comments upon the transaction as follows :—"Now there can be no difficulty whatever in verifying the fact here disclosed, and as General Strachey is in India on this very subject of State Railway management, or one strictly cognate to it, we venture to call his attention to it pointedly. Of course we cannot ourselves vouch for it, but things of the kind have been so common in India, that it is highly probable it is true. If it is true, there is nothing for it but to exact a responsibility for such reminiscency incompetence. We are very uneasy about these State lines altogether. We have been urging the Government to purchase the East Indian Railway, and do not recal a word we have written on the subject; but if the management of the line is to go into the hands of the State—then we pause. Cannot some arrangement be made, under which the Company with its "stock" reduced, say, to £1,000,000 from £30,000,000, shou'd *lease* the line from the Government, for a share of the profits. It will never do, we believe, to allow the management of the line to become Government : such management may answer in France, but it does not follow that it will in India; very far from it."

The *Saturday Review* says of Mr. Talboys Wheeler's new book :—"*The Imperial Assemblage at Delhi* is a work, clothed in Imperial purple, which should convince the crafty Muscovite that we mean business. A more Imperial record of Indian Imperialism, anything more complete in its keeping with the "Assemblage at Delhi," cannot be imagined. Beginning with a photograph of Her Majesty in her costume as Kaisar-i-Hind, a magnificent work of art which of itself strikes terror and commands respect, Mr. Talboys Wheeler guides us through a mighty maze of photographs of Rajahs and Begums. Lord Lytton looks really charming, in a huge white cloak covered with golden ornaments of the sort known at Mycenæ as "cuttle-fish pattern." We do not understand how any one can look at this portrait and doubt the discretion of the choice which sent Lord Lytton to India. He looks an Argus, every inch. The poor little Gaekwar of Baroda is buckled to a sword as big as Durandal. The photographs of Indian architecture, graceful in form and opulent in ornament, are alone sufficient to make this an interesting and instructive work. The Dewan-i-Khas is peculiarly rich and beautiful. The volume also contains many valuable and curious maps and plans, and the name of Mr. Talboys Wheeler is a guarantee for the correctness of the letter-press. Though one may doubt whether photography is a good instrument for reproducing State portraits, the book will teach readers more of India and our rule there than they are likely to learn from works less vividly illustrated.

A DISASTROUS FIRE AT NEW NAGPADA.

A fire broke out yesterday at noon at New Nagpada in a wool store situated in Tank Street and owned by Kessowjee Jadowjee. On the alarm being raised several of the European and native residents about that locality and the Bellasis Junction Road, together with the police, repaired to the scene and rendered valuable assistance in saving property. Nearly all the bales of wool were rolled out of the ground floor of the building when portions of the roofing were found to be giving way. The burning building was then abandoned. Speedy measures were adopted to save property in the adjoining building to the west side which was also a wool store. In the meantime the steam and manual fire engines from Mazagon, with a strong body of the European police, headed by Mr. R. H. Vincent, the Deputy Commissioner of Police, came to the scene, but it was found that the force of water from the Vehar main was not wanting to work the fire engines with any satisfaction. Although several of the establishment of the Vehar Water Works of that division with Mr. Hewett were expert in opening out the sluices that led from the main, still the supply seemed to be insufficient, and unfortunately the bhesties, who are principally Mahomedans, were found to be scarce owing to the Mohorum. The bhesties were able to bring only a small supply obtained from the two large tanks that stand within a short distance from the fire. However, the fire was successfully confined to the one building where it originated. That building was completely burnt down, and now only the bare walls are left standing. The origin of the fire cannot be ascertained, though it is very probable it was caused by careless beedee-smokers among the work people who were said to be seen at work in the store when the alarm of fire was raised. The damage was roughly estimated at Rs. 10,000, reckoning Rs. 7,000 as the value of the building itself and Rs. 3,000 for the amount of wool and goods destroyed.

After the fire was completely got under, several of the European police officers left the scene of the disaster together with the Deputy Commissioner, Mr. Vincent, when Mr. Superintendent Baily of that division was ordering two active policemen to keep people away from approaching too near the ruins of the burnt building when one of the walls suddenly came down with a crash, and before he Mr. Bailey) could clear himself away from the falling wall, was struck down by a portion of the *debris*, fracturing his right hip-bone and other contusions about his body. The unfortunate man was immediately conveyed to the J. J. Hospital, where he was immediately attended to by Dr. Anderson, the House Surgeon of the Hospital. Sir Frank Souter and Mr. Vincent, the Commissioner and Deputy Commissioner of Police, shortly after the occurrence, visited Mr. Bailey at the hospital, who is now still lying at the hospital in a precarious state.

THE BOMBAY RACES, 1878.

The Bombay Races of 1878, which are to commence on the 14th of next month, promise to be an improvement on the Bombay races of several years past, and to bear something more of a resemblance, so far as good racing is concerned to the Bombay meetings of the old days, when "Dashland" could fitly boast of its races as being amongst the best in India. The Stewards —Messrs. F. F. Arbuthnot, T. M. Filgate, P. Benn, Donald Graham, Col. M. W. Willoughby, and Sir Frank Souter,—and the secretary, Mr. J. S. Maidment, have all worked indefatigably, and it is to their exertions that the anticipated improvement may be attributed. There is a most decided improvement in one respect evident already, and that is in the new Course, which has been laid out, according, we believe, to the suggestion of Mr. Arbuthnot, on the ground where the Bombay Steeplechase Meetings have formerly been held, at the back of the new Dhobies' Lines on the Worlee Flats. The course is beautifully level throughout, and a clear view will be obtained of the horses all round. There is ample space both for carriage enclosures and for spectators on foot; a grand stand is about to be erected; and there will be a refreshment tent and refreshments provided by Mr. Bouneville. The prospectus, and some of the entries for each race are appended. Many of the horses have arrived, and their trainers and jockeys are busy exercising them every morning on the Byculla Flats.

Stewards.

F. F. Arbuthnot, Esq., C. S.	T. M. Filgate, Esq.
Col. M. W. Willoughby.	P. Benn, Esq.
Sir Frank Souter, Kt., C.S.I.	Donald Graham, Esq.
J. S. Maidment, Secretary.	

FIRST DAY.—Thursday, 14th February.

1st Race.—Maiden Galloway Plate. Rs. 500 from the Fund. For all Maiden Arab and Country-bred Galloways. Weight for age and inches. Winner once before the Race, 4lbs. extra; twice and oftener, 7lbs. Entrance—15th of June, 1877, 1 G. M.; 1st of August, 1877, 2 G. M.; 1st of October, 1877, 5 G. M.; 1st of January, 1878, 10 G. M., when the Race will close, with Rs. 50 starting stake. 1½ mile.

1 lb. extra for every ½ of an inch.

Horses to be brought to the Stewards' Stand for identification at 7 a. m. on the morning after entrance. No certificate from other stations as to age will be accepted for this Race. 1½ Mile. Dealers that have not subscribed on or before the 15th December, 1877, to be allowed to do so up to the 15th January, 1878, at a subscription of not less than Rs. 100.

N.B.—In this Prospectus it is to be understood that the term "Presidency-born Country-breds," includes horses bred in any part of the Bombay Presidency, which politically, or as regards civil administration, is under the Government of Bombay. The province of imported English and Colonial Mares to carry 14 lbs. more than Arabs. Of imported Arab Mares, 7 lbs. extra. Of Country-bred Mares, even with Arabs.

1. The W. I. T. Club weights for 1½ mile are those for R. C., and the weights for 1¼ mile are those for R. C. and a distance.

2. Horses will be aged and measured at the Stewards' Stand, Byculla Race-course, at 7 a. m. on Saturday, February 2nd, 1878.

3. In all races where there are ten or more entries and three starters, the second Horse will save his stakes. Where there are twenty or more entries and three starters, the second Horse will receive double his stakes.

4. In races in which the terms are weight for age, or weight for age and class, when Arabs are running alone, the standard scale of weight will be reduced 7 lbs.

5. The following alteration in the W. I. T. Club Rules, in the matter of declarations to start is published for general information :—

"A declaration to start for Races in which Horses have once been duly entered will not be required.

The only declaration necessary will be when owners wish to scratch their Horses; and, in such cases, the omission to make such declaration will entail on owners the compulsory payment of full entry and starting sweepstakes."

6. Attention is particularly requested to the following :—

"At the annual general meeting of the members of the Western India Turf Club, held at Byculla, on the 20th February, 1877, it was proposed by Col. M. W. Willoughby, and seconded by Capt. G. C. Hogg, that Rule 12 of the W. I. T. C. Rules shall be amended by the introduction of the words "where the added money disbursed is rupees two hundred or upwards," and that the words commencing "upon a Race-course to distance laid down," shall be expunged. The rule will then read :

"A maiden is a horse or mare that has never won, walked over, or received forfeit for any plate, purse, sweepstakes, or race of any description (matches excepted), where the added money disbursed is Rupees two hundred or upwards; but winners of Hurdle Races and Steeplechases do not lose their maiden for flat racing until they have won on the Flat."

ADDITIONAL RACE.

The Bombay Club Bup, value about Rs. 500. For all Arabs and Country-breds *bona fide* the property, and in possession without interruption since 1st January 1878, of members of the Byculla or Bombay Clubs, Bombay Gymkhanas and Civil and Military Services who have been actual residents in Bombay for three months previous to 1st February 1878.

THE TOWN DUTIES.

The following letter has been addressed to the Bombay Government by the Secretary to the Chamber of Commerce :—

The Chief Secretary to Government, Bombay.

Sir,—I have the honour, by direction of the Chamber of Commerce, to submit for the consideration of His Excellency the Governor in Council, the following representation on the subject of the Town Duties levied by the Bombay Municipality, under the Bombay Municipal Act of 1872, the continuance of which, with certain modifications, is now before the Legislative Council of H. E. the Governor.

The Chamber has on several occasions addressed Government on the subject of town duties. Its representation regarding the duties on grain and tobacco levied in Bombay, and the correspondence which ensued thereon, will be found in the Annual Report of the Chamber for the year 1874-75, Appendix J., p. 383. The Resolution passed by the Government of India on that occasion was as follows :—

"The Governor-General in Council agrees with the Government of Bombay in considering that the proposals made by the Municipal Commissioner of Bombay are calculated to prevent the dues levied on behalf of the Municipality at Bombay from operating as Transit Duties. It will devolve on the Government of Bombay to see that those proposals, with any needful modifications, are carried into effect." The same Resolution recites that the Government of Bombay had, in forwarding the Chamber's representation to the Government of India, expressed its desire to see the system on which the municipal dues was levied divested, as far as possible, of anything that could give them the character of transit duties, and was of opinion that the proposals made by Mr. Pedder were undoubtedly tend to that end. These proposals are contained in paragraphs 41 to 49 of Mr. Pedder's letter to the Chief Secretary, No. 602, dated 26th January 1875, and would, if carried out, have afforded great relief to trade. But in the subsequent correspondence which took place between the Government of Bombay on the subject of the town and transit duties levied by municipalities in the Presidency of Bombay (*vide* Annual Report for 1874-75, pp. 415 to 436; also Annual Report, 1875-76, pp. 34 to 36, and reply of the Chief Secretary, dated 7th February 1877) not only were Mr. Pedder's proposals disregarded, but a general approval given to the present system of municipal taxation in the town and Presidency of Bombay, which is opposed to the wise and liberal policy of the Government of India, as enunciated in its Resolution on municipal taxation, dated 6th November 1868, and re affirmed in the letter dated Simla, September 1877, addressed by the Government of India to the Chamber of Commerce.

The questions upon which the Chamber now desires to address His Excellency are :—(1) the articles which, under section 124 of the Bombay Municipal Act of 1872, are subject to town duty; and (2) the provisions with respect to refund under section 120 of the same Act.

In regard to articles on which town duties may be leviable, the Chamber approves of the rules laid down by the Government of India in its Resolution of November 1868 aforesaid, and which the Governor-General in Council requested should not be deviated from without the previous sanction of the Government of India. These rules were—

I. To be subject to the limitations contained in Rule II., no Town Duty or Cess under any name should be levied by any Municipal body not any commodity so included in the following list, *viz* :—

1. Articles of food or drink for men or animals. 2. Animals for slaughter. 3. Articles used for fuel, for lighting or for washing. 4. Articles used in the construction of buildings. 5. Drugs, gums, spices and perfumes. 6. Tobacco.

II. That no such duty should be levied on any of the following articles, *viz* :—1. Articles liable to Customs duty and imported into India by sea. 2. Salt. 3. Opium. 4. Fermented or spirituous liquors manufactured in India, and drugs liable to Excise or Abkaree duty; and

III. That no such duty shall be levied, except on things brought into a town for actual use or consumption therein.

By the subsequent orders of the Government of India of the 6th January 1871, the following classes of commodities were added to the list of articles subject to the levy of octroi duties :—1. Piece goods and other textile fabrics and manufactured articles of clothing and dress. 2. Metals and articles of metal, subject, however, to the proviso, that the duty on them did not exceed 1½ per cent *ad valorem*. But in all other respects the rules prescribed in the Resolution of November 1868 were reaffirmed in 1871, and again in the letter addressed by the Government of India to the subordinate Governments in September 1877.

With regard to the town duties levied by the Bombay Municipality under Schedule B of Bombay Act No. III. of 1872, the Chamber trusts that His Excellency the Governor in Council will adopt the recommendation of the Select Committee of the Legislative Council appointed to report upon Bill No. 6 of 1877, and omit from Schedule B, Metals and Jagree. The Chamber, however, begs also for the reasons given by Mr. Pedder, in paragraph 48 of his letter No. 602, of the 26th January 1875, above referred to, to urge upon His Excellency that in addition to these articles the article "timber," upon which a duty at the rate of 2½ per cent. on the market value is levied, be omitted from Schedule B. Mr. Pedder stated on that occasion that metals and timber were to a very large extent used to make up into manufactured articles (as, for instance, machinery, cooking utensils, household furniture, furniture of boats, carriages, &c.) in Bombay, and then exported, that it was impossible to grant refunds on these articles, and the consequence was that the town duty acted, to a considerable extent, as a transit duty on the consumption of Bombay, but on her manufactures.

The proposal to insert firewood in the schedule, and to levy upon it a duty of 2 annas per candy, has the entire approval of the Chamber, for the same reasons as those urged by Mr. Pedder, but the exemption relating to Refunds, though it is impossible in numerous cases, particularly where the goods have broken bulk, to establish their identity. The views of the Government of India on the point of identity are very explicitly stated in para. 24 of the letter, dated Simla, September 1877 :—Regarding this matter of identification, the Government of India are disposed to think that need for it hardly exists. If a merchant exports, goods on which octroi duty has been paid which could not have been made, or which could not "have grown in the Town, it is clear that duty must have been paid on their entry; and while it may be a question as to whether the importer or exporter should receive the refund, it is clear enough that the Municipality should not retain it."

An illustration of the hardship with which such rules can be made to operate is found in the practice adopted with reference to the granting of refunds on cases exported from Bombay, under the Imperial Customs Duty of 10 per cent, *ad valorem*, this article is, under Act IV. of 1857 of the Legislative Council of India, subject to a municipal duty of Re. 7½ per maund of 82lbs., which on the lower and cheaper kinds is equivalent to about 20 per cent. of their value. Like other municipal duties, this duty was intended by the Legislature to be levied only on tobacco consumed in the town, the whole of the duty being, under Section 4 of the Act, remitted when tobacco is re-exported "or to any place beyond the limits thereof. But the original case, or at any rate the whole contents repacked before leaving the Bonded Warehouse, must be despatched before the remission of duty is allowed; nor will the privilege be conceded to open a bale or bales of tobacco for the purpose of taking out a portion forwarded to places out of Bombay, a restriction which falls heavily upon retail traders, who cannot export an assorted parcel of tobacco without paying the special municipal duty of Re. 7½ per maund of 82lbs. The Chamber's representation on this subject, dated 30th November 1876, to the Government of India, was submitted to Mr. Pedder, who, in para. 48 of his letter of the 26th January 1876, above referred to, gave the following opinion :—"Tobacco is a luxury of which a large proportion is smuggled to any considerable extent. There is, therefore, I think, no objection to such relaxation of the existing law, as shall permit assorted parcels of tobacco which have broken bulk to be removed from the Bonded Warehouse for exportation. The merchant would, of course, remain liable for the duty till he produced a certificate of exportation. In spite, however, of this opinion of the Municipal Commissioner, and of the distinct wording in the Act, no relaxation has yet been made in the restriction imposed in granting refunds on tobacco.

In conclusion, the Chamber directs me respectfully to express its earnest hope that these suggestions will receive the careful consideration of His Excellency the Governor in Council, and that the sections in the new Act, which relate to the levying of Town Duties, and refunds of Town Duties paid, shall be framed so as to conform to the principles and rules of municipal taxation laid down by the Government of India in its Resolutions of November 1868 and September 1877.

I have the honour to be, Sir, your most obedient servant,

J. GORDON, Secretary.
W. LANG, Chairman.

APPENDIX.

Bombay, 15th December 1875.

From the Municipal Commissioner, to the Secretary Chamber of Commerce.

Sir,—With reference to your letter, dated the 11th October last, I have the honour to forward herewith a copy of Counsel Green's (now the Hon'ble Mr. Justice Green) opinion on the case in June 1871, and to inform you that the Bye-law quoted by you in your letter under reply does not appear to have been sanctioned by the Corporation or by Government.

The whole correspondence on the subject will now be placed before the Town Council, which is engaged in considering the Municipal Act. I have, &c.

H. E. Jacomb, Municipal Commissioner, R. B.

Carnac Bunder, 2nd December 1875.

H. E. Jacomb Esq., Acting Municipal Commissioner, Bombay.

Sir,—With reference to the letter of the Secretary to the Chamber of Commerce, dated 11th October last (herewith returned), I have the honour to state as follows :—

1st. When this department took over charge of the Town Duties, the Commissioner, Mr. Crawford, found it necessary to obtain opinion as to whether refund may be granted on separate Railway certificates, on each of which the refund is less than Re. 10, the matter having been referred by him to Counsel Green (now the Hon'ble Mr. Justice Green), who (Mr. Green) gave his opinion (dated 23rd June 1871) that separate receipts having one date, if handed over by exporters to importers, the latter are enabled to claim by adding up the bags, and making one application for Re. 10 or upwards, this department has been acting under that opinion ever since.

2nd. As to the concession to be allowed to add daily exportations of goods at the end of each month, and to make one application for refund, without reference to marks or description of goods, if agreed to, would considerably enlarge the refund work (which is heavy enough already) and require greater supervision.

3rd. With regard to the reduction in the minimum amount from Re. 10 to Re. 4, I am of opinion that in addition to extra supervision and increase of work, the Municipality will have to lose more than one-half of their income from Town Dues in the event of the Chamber's proposition being carried out.

4th. The Municipal Commissioner was fixed at a meeting of which General Marriott was President, when this point was discussed at length, and it was decided, that with a view to meet the expenses of keeping a Fire Brigade for the protection of merchant's goods stored in warehouse in the Native Town and on Bunders from fire, and for the general preservation of the City, refund should be barred on goods remaining in Bonds six months after their importation. The Custom's Department allow two years for goods exported subject to drawback. This, however, is a matter for consideration of the Municipal Commissioner and the Town Council. I have, &c.,

John Ryan, Traffic Manager, B. P. T. B.

(True Copy.)

H. E. Jacomb, Municipal Commissioner.

CASE.

Section LX. of (Bombay) Act IV. of 1869, "An Act for the levy of Town Duties within the City of Bombay," provides that :—"When any of goods upon which Town Duties shall have been paid shall be re-exported the full amount of Town Duties shall under such rules rules as the Municipal Commissioner with the sanction of the Government shall from time to time notify, be repaid as refund, provided that application for such refund shall be made within one month of the date of exportation; and provided that no refund be claimable of less amount than ten rupees."

At the debate in the Legislative Council on the 8th February 1869, when the Act now in force was under discussion, the question of refunds was particularly considered, Mr. Ellis remarking "that it would probably in many cases not be worth the trouble for people to go through the inconvenience of getting the refund."

On the proposition of the Honorable Mr. Ellis, that the following words be added to the (new) section "and provided that no refund be claimable of less amount than ten "ropees," the Council divided, when there was only one dissentient to the new clause.

At present the dealers claim the right of making up the minimum of ten rupees by adding together two or three different parcels of goods, by which the clause in question becomes to some extent inoperative, notwithstanding that the intention of the framers of the Act appears to have been that *each* refund should be of the *bona fide* value of ten rupees and upwards.

Other questions as to the admissibility of claims for refund often arise, as counsel will gather from the accompanying copy of letter from the Traffic Manager, Government Bunders, to the Municipal Commissioner.

Counsel is therefore requested to advise on behalf of the Municipality—

1st. Whether the words in Section 9 of Act IV. of 1869, "and provided that no refund be claimable of less amount than ten rupees," can be taken to mean that dealers shall be allowed to claim refund on a *number* of *small* packages aggregating ten rupees, and in some cases which

MR. CAWASJEE PALLONJEE, the son of the late old Pallonjee Pestonjee, the well-known Proprietor of the above Pessalar HOTELS begs most respectfully to announce to the Ladies and Gent emen and to the European Gentry generally, that he has, in deference to the expressed wishes of most of his late father's friends and admirers, acted with the object and desire to perpetuate his father's good name in connection with these Hotels, at a very considerable cost now become the sole purchaser and owner thereof.

Mr. Cawasjee will endeavour to treat his patrons with the same courtesy and attention which was so characteristic of his good father, and this, coupled with long experience and intimate acquaintance with the routine and management of the Hotels in his father's lifetime, will, he trusts, be a sufficient guarantee of the Hotels being carried on upon the princi, les inculcated by his worthy father.
